FOAL Clinic

Middletown, Indiana

Presented by Equine Self Expression

General Information:

- The clinic location is
4495 N County Rd 500 West, Middletown, IN.
- Hotel and Air BnB's are available locally in Anderson Indiana. Other towns close by are Newcastle and Muncie Indiana. Newcastle and Anderson are approximately 15-20 minutes away. Muncie Indiana is approximately 30 minutes away.
- Overnight stabling is available for \$25.00 per night. Stalls are 13x12 and have rubber mats. 3 bags of shaving per stall will be provided. There are 5 stalls available for clinic/overnight participants. Stalls are next to one another, with a grid between the wall and ceiling so horses cannot interact, but can see one another. **It is not necessary to bring a horse to this clinic.**
- One water bucket per stall will be provided. A feed bucket will also be provided. Three small turnout pastures are available for visiting horses.
- Riding participants must bring their own feed and any additional buckets. Hay is available if required.
- The stalls are situated in front of the indoor arena, under the same roof, so stabled horses will have the view of activity in the indoor arena. Horses must be comfortable in this environment and around other horses and people, as there may be auditor participation so chairs will be set up. They must also be accustomed to an amplified sound system.
- Riders must have a current coggins test for the horses participating and provide a list of immunizations that are current for each horse.
